### Description

The Pack of 100 self-drilling screws DIN-7504-K is the perfect solution for installing sandwich panels. Its design allows for quick and easy installation, eliminating the need for pre-drilling. With dimensions of 5.5/6.3x98, these screws feature a steel and EPDM washer that ensures effective sealing, protecting against moisture and wear.

Recommended for use in construction, repair, and DIY projects, they are compatible with various types of panels. Do not compromise on the quality of your installations; choose our self-drilling screws for guaranteed long-lasting results.
