Description

The Pack of 10 quick coupling elbow plastic T-8 is the ideal solution for your compressed air installations. Designed for quick and secure connections, these couplings are fully plastic and allow for instant recovery of the connection.

We recommend their use in applications requiring high tightness and safety, even under extreme conditions. They are compatible with pipes with an outer diameter of 4mm to 16mm, making them versatile for various projects.

- Height: 3.00 cm
- Width: 7.00 cm
- Depth: 8.50 cm

Don't compromise on the quality of your installations; choose our quick coupling pack for optimal performance.
