Description

The pack of 1000 aluminum multigrip rivets 4 x 10 mm is the perfect solution for projects requiring strong and secure joints. Its galvanized steel shank ensures easy and effective installation, while its design allows for a large clamping range.

These rivets are ideal for riveting materials exposed to high loads and vibrations, ensuring a significant reduction in failures. They are compatible with various riveting tools and are perfect for applications in construction, automotive, and DIY.

Don't compromise on the quality of your joints. Order your pack today and ensure the durability of your projects!

Specifications

Colour	aluminium
EAN	8445187058437
Manufacturer	COFAN
