Description

The pack of 500 aluminum multigrip rivets 4 x 16 mm is the perfect solution for riveting in applications that require high strength. Its galvanized steel stem ensures optimal performance even under extreme load and vibration conditions.

We recommend using these rivets in construction and repair projects where a secure and durable closure is needed. These rivets are compatible with various riveting tools and offer easy and quick installation.

- Dimensions: 4 x 16 mm
- Material: Aluminum and galvanized steel

Don't compromise on quality in your projects; choose our multigrip rivets for professional results.
