Description

Waterproof aluminum rivets are the perfect solution for ensuring secure and leak-free assembly. This pack of 1000 units is ideal for both industrial and home projects.

We recommend their use in applications where waterproofing is crucial, such as in the construction of metal structures, vehicles, and appliances.

- **Specifications:** 4 x 8 mm, made from aluminum.
- **Compatibility:** Suitable for various materials like metal and plastic.

Don't compromise on the quality of your assemblies, choose our waterproof rivets for a professional finish.
