Description

The 4.8 x 10 mm aluminum blind rivets are the perfect solution for secure joints in materials where holes are not through. Their knurled design provides superior grip, ensuring reliability in every application.

Recommended for automotive, construction, and DIY projects, these rivets are compatible with a wide variety of materials. With a pack of 500 units, you'll have enough for your most demanding projects.

Don't compromise on the quality of your joints, choose our grooved rivets for professional results.
