Description

The normal aluminum rivets white 4.8 x 10 mm are the perfect solution for efficiently joining various materials. Their design allows for simple and quick installation, making them ideal for both domestic and industrial projects.

Recommended for joining metals and other materials where specific tightening is not required, these rivets offer high strength and durability. Their white color provides a clean and aesthetic finish.

Compatible with standard riveting tools, they are perfect for applications in construction, repair, and DIY.

Don't miss the chance to enhance your projects with these quality rivets.
