### Description

The normal aluminum rivets in white 4.8 x 21 mm are the perfect solution for quickly and efficiently joining various materials. Their design allows for simple installation, making them ideal for both B2C and B2B projects.

Recommended uses include joining metals and other materials where specific tightening is not required. They are compatible with a wide range of surfaces and offer high corrosion resistance.

With a pack of 500 units, you will achieve excellent performance at a competitive price. Don't wait any longer and enhance your projects with our aluminum rivets!
