Description

The pack of 500 aluminum countersunk rivets 4.8 x 8 mm is the perfect solution for joining different materials without requiring specific tightening. Its 120° countersunk head design allows for perfect alignment, ensuring a professional finish.

We recommend using it in applications where a solid joint is needed, but strong tightening is not required. Ideal for DIY projects, construction, and repairs.

Specifications: height of 8 cm, width of 12 cm, and depth of 18 cm. Compatible with a wide variety of materials, these rivets are a versatile and reliable option.

Don't miss the opportunity to enhance your projects with these high-quality rivets.
