Description

The pack of 1000 hexagonal blind rivet nuts made of steel M4 is the perfect solution for joining thin pieces. Their design allows for easy installation in blind holes, ensuring a firm and secure hold.

These nuts are ideal for use with plastics, resins, and all types of metals, making them a versatile component for any project. With dimensions of 7.50 cm in height, 10.00 cm in width, and 14.50 cm in depth, they are easy to store and handle.

We recommend their use in industrial and DIY applications where a robust fastening is required. Don't miss the opportunity to enhance your projects with these high-quality nuts.

Specifications

EAN	8445187060270
