Description

Semi-hexagonal rivet nuts with open bottom and reduced head are the perfect solution for applications with single access or limited spaces. Made from high-quality steel, they offer exceptional corrosion resistance and long-term durability.

The semi-hexagonal design facilitates insertion into the hole, ensuring a more durable fastening. The semi-hexagonal shape prevents rotation and extraction, providing stability and security.

Ideal for metal sheets, tubes, and plastic, they are popular in construction, manufacturing, and DIY projects. Available in various metrics, they are perfect for any project.

Specifications

EAN	8445187398489
Manufacturer	COFAN
Material	Steel
