Description

The cylindrical blind rivet nuts with reduced head are the ideal solution for fastenings in confined spaces. Made from aluminum, they offer corrosion resistance and are lightweight, making them easy to handle.

Recommended for applications on metal sheets, tubes, and extrusions, these nuts ensure secure and durable fastening. Their design prevents body rotation, providing stability in challenging conditions.

- Dimensions: M10 x 19.5 mm.
- Compatible with a wide range of projects.

Choose our blind rivet nuts to ensure the success of your projects.

Specifications

Colour	aluminium
EAN	8445187398670
