Description

The pack of 100 white plastic plugs, 12 mm, is the perfect solution for your fixing projects. Made from low-density polyethylene, this plug is designed to provide optimal grip in hollow bricks and other materials. Its collar prevents the plug from shifting in the hole, ensuring a secure installation.

Recommended for wood and chipboard screws, its special design with 3 parts in the expansion zone prevents unwanted rotation. Ideal for construction and DIY projects, this plug guarantees quick installation without the need for deep drilling.

Specifications
