Brand: COFAN

Reference: COF 07760880

cofan

Ideal fixing plug for insulation panels without nails.

- Quick and efficient fixing.
- Compatible with various base materials.
- Made from monocomponent polypropylene.
- European certification for safe use.

[View product online](#)**Description**

The pack of 200 nail-free insulation panel fixing plugs is the perfect solution for quick and secure installation. Designed for thermal insulation systems, these plugs allow effective fixing in concrete, brick, and other materials. Their monocomponent polypropylene construction ensures durability and strength.

Recommended uses include fixing mineral wool, polystyrene, and other types of insulation panels. With European certification ETA-21/0823, they are suitable for various construction applications.

- Available lengths: 80 mm to 140 mm.
- Diameter: Ø8 mm.

Don't compromise on the quality of your installations; choose our fixing plugs for optimal results.
