Description

The pack of 200 units of insulation panel fixing plugs 10x100 is the perfect solution for securing insulation panels in various applications. Its design with a fixing spike and nylon nail allows for quick and efficient installation.

Recommended for compact and semi-elastic materials, this plug is ideal for mineral wool and cellular glass. Specifications include a diameter of 10 mm and lengths of up to 190 mm, ensuring compatibility with different types of insulation.

The pre-expansion zone prevents the plug from sinking, ensuring a perfect fit. Enhance your efficiency in insulation projects with this high-quality product.
