Description

The M10x150 double-threaded studs are the perfect solution for fastening and securing various surfaces. Their zinc coating ensures high corrosion resistance, making them ideal for both indoor and outdoor applications.

Recommended for use on wood, concrete, stone, and false ceilings, these studs offer great versatility. Their design with Torx drive allows for quick and secure installation, ensuring a firm grip.

Compatible with various tools and fastening systems, this pack of 100 units is ideal for professionals and DIY enthusiasts alike. Take the opportunity to enhance your projects with our high-quality studs!
