### Description

The Pack of 2 Shelf Support Pillars without Screws is the perfect solution for those seeking an efficient and versatile storage system. With a height of 2000 mm and a width of 300 mm, these pillars are ideal for light to medium loads, allowing for a wide variety of configurations.

We recommend their use in both industrial and domestic environments, where strength and ease of assembly are essential. Each pillar supports between 75 and 180 kg, depending on the shelf used. Additionally, their screwless design makes installation easy, simply fitting each shelf into the appropriate opening.

- Height: 2000 mm
- Width: 300 mm
- Load capacity: up to 180 kg
- Material: durable steel

Enhance your storage today with this practical pack.
