Description

The pack of 10 standard hex keys M-2 is the ideal tool for any professional or DIY enthusiast. Made from chrome vanadium steel, these keys offer exceptional corrosion resistance thanks to their black finish. Their hexagonal design allows for a firm and secure grip.

Recommended for precision work, they are compatible with a wide range of screws and nuts. With sizes ranging from sw 0.9 to sw 24, this set meets various needs in mechanical and maintenance tasks.

Take the opportunity to acquire this pack and enhance your toolbox!
