Description

The pack of 5 titanium bits, 1/4" and 50 mm long, is the perfect solution for professionals seeking quality and durability. These Pozidrive bits, with markings from PZ-1 to PZ-3, are designed to deliver superior performance in screw driving.

Made from alloy steel and treated by induction, they have a hardness of HRC 58-62, making them highly resistant to wear. They are ideal for use in construction, carpentry, and industrial maintenance.

- Compatible with standard 1/4" screwdrivers.
- Perfect for precision work.
- Recommended for professional and home use.

Don't compromise on tool quality, choose our titanium bits and ensure optimal results in every project.
