Description

The Pack of 10 XZN Extra Bits 1/4 M-10 is the ideal solution for professionals seeking high-performance tools. These bits are designed for intensive use, offering exceptional resistance thanks to their construction from steel with molybdenum and vanadium components.

With a hardness of 60-62 HRC, they are perfect for working with soft materials, wood, and hard materials. Their universal design makes them compatible with TRI WING screws, making them a versatile tool in any toolbox.

Invest in quality and boost your productivity with this pack. Don't miss out!
