Description

This pack of sanding discs is designed to provide efficient, clean, and uniform sanding on various surfaces. Made from aluminum oxide, they ensure a durable abrasive with high cutting capacity. The Velcro fastening system allows for quick and secure changes, preventing slippage during work.

With 8 dust extraction holes, these discs ensure better dust removal, keeping the work area clean and extending the life of the disc. They are compatible with any Ø125 mm orbital sander and are available in grits 80, 120, and 180, adapting to all sanding phases.

Get this pack of 5 units and enhance your sanding experience.
