Description

The pack of 10 cobalt drill bits measuring 5.25 mm is the perfect solution for professionals requiring precision and durability in their work. These drill bits are designed to drill through steel and iron, ensuring exceptional performance.

Featuring an HSS CO DIN 338N rectified design and a 118° angle, they are ideal for applications demanding high quality. Their bright ochre color allows for easy identification in the workshop.

Recommended for use with bench and portable drills, these bits are compatible with a wide range of materials. Enhance your productivity and work quality with this cobalt drill bit pack.

Specifications
