Description

The pack of 10 cobalt drill bits measuring 9.0 mm is the perfect solution for professionals seeking precision and durability in their drilling tasks. These drill bits are designed to easily drill through steel and iron, thanks to their high-quality construction and rectified HSS CO DIN 338N design.

We recommend their use in industrial and DIY applications where exceptional performance is required. With a 118° angle, these drill bits ensure clean and precise cuts. Additionally, their bright ochre color makes them easy to identify in the workshop.

Compatible with standard drills, this pack is a smart investment for any industry professional.
