Description

The Pack of 10 titanium drill bits 2.0 mm is the perfect solution for professionals seeking high-quality tools. These drill bits are designed to deliver superior performance in hard materials, thanks to their titanium nitride coating that enhances durability and wear resistance.

Recommended for drilling hard steel, these bits comply with DIN 338N and feature a 118° angle for greater precision. Their ground design ensures optimal finishing with every use.

Compatible with standard drills, this pack is ideal for workshops and DIY projects. Don't miss out, enhance your toolbox today!

Specifications

EAN	8445187075113
Manufacturer	COFAN
