Description

The Pack of 10 titanium drill bits, 2.5 mm, is the perfect solution for professionals seeking quality and durability in their tools. These bits are designed to drill hard steel, thanks to their titanium nitride coating that enhances performance and extends lifespan.

Recommended for use in workshops and DIY projects, these bits are compatible with most standard drills. With a precision ground design, they ensure accurate and efficient drilling.

Don't compromise on tool quality. Get this pack and experience the difference in your work.
