Description

The Pack of 10 Titanium Drill Bits 3.0 mm is the perfect solution for professionals seeking precision and durability in their work. These bits are made from high-speed steel (HSS) and coated with titanium nitride, providing exceptional wear resistance.

Recommended for drilling hard steels and other demanding materials, these bits are compatible with most electric drills. Their 118° design facilitates penetration and reduces effort during use.

Get this pack and enhance the efficiency of your drilling projects.

Specifications

EAN	8445187075144
