Description

The 8.0 mm titanium drill bits are the perfect solution for drilling hard steel with ease and precision. This pack of 10 units ensures high performance thanks to its titanium nitride coating, providing enhanced durability and wear resistance.

Recommended for use in workshops and DIY projects, these drill bits are compatible with most electric drills. Their precision-ground design and 118° angle ensure clean and efficient drilling.

Don't compromise on tool quality. Purchase our pack and enhance your drilling performance.

Specifications

EAN	8445187075274
Manufacturer	COFAN
