Description

The pack of 5 titanium drill bits at 11.0 mm is the perfect solution for hard steel work. With a titanium nitride coating, these bits offer high performance and a long lifespan, ideal for professionals and DIY enthusiasts.

Recommended for use with standard drills, these bits are perfect for precise and clean drilling. Their specifications include an HSS TIN DIN 338N design with a 118° angle, ensuring excellent penetration and reduced wear.

Don't miss the chance to enhance your toolbox with this titanium drill bit pack!
