Description

The Pack of 10 HSS long drill bits 1.00 mm is the perfect solution for professionals seeking precision and durability in their drilling tasks. These drill bits are made from ground high-speed steel, complying with DIN 338N standards, and feature a 118° angle for better penetration into metallic materials.

Recommended for drilling steel and iron, they are ideal for machine shops and DIY projects. Their elongated design allows access to hard-to-reach places, ensuring optimal results with every use.

- Compatible with standard drills.
- Wear and heat resistant.

Get this pack now and enhance the efficiency of your drilling tasks.
