Description

The Pack of 10 units of 6.50 mm long HSS drill bits is the perfect solution for your drilling needs in steel and iron. Made from high-speed steel, these bits comply with DIN 338N and feature a 118° angle, ensuring efficient penetration and a clean finish.

Recommended for use in workshops, construction, and DIY projects, these bits are compatible with most drills on the market. Their black color not only provides a professional look but also helps quickly identify their specific use.

Don't miss out, get this pack and enhance your productivity with every drill.
