Description

The Pack of 10 long HSS drill bits measuring 8.50 mm is the perfect solution for professionals and enthusiasts seeking quality and precision in their drilling tasks. These drill bits are made from high-speed steel, ensuring a long lifespan and exceptional performance on materials like steel and iron.

Recommended for use in workshops and DIY projects, these bits comply with DIN 338N and feature a 118° angle for easy penetration into the material. Their black color is not just aesthetic but also helps identify their use in metal.

Compatible with standard drills, this pack is ideal for those looking for a reliable and quality product. Don't miss out!
