Description

The PE insulation sleeve is ideal for protecting and thermally insulating Ø28 mm pipes. Its closed-cell design ensures excellent protection against freezing and extreme temperatures, withstanding up to 100 °C.

We recommend its use in plumbing and heating installations, where energy efficiency is crucial. The sleeve is pre-cut longitudinally into 1-meter pieces, making installation easy. It can be easily joined with suitable glue or adhesive tape.

- Dimensions: 1 meter in length.
- Wall thickness: 10 mm.
- Compatibility with diameters of 15 mm, 18 mm, 22 mm, and 28 mm.

Purchase this pack of 15 units and ensure the protection of your installations.
