Description

The Replacement Set of 10 P2 NR Pre-Filters is ideal for those looking to maintain the effectiveness of their combined filters. These pre-filters, with a diameter of 83 mm and a thickness of 1 mm, provide effective particle filtration, ensuring a safer working environment.

We recommend using them in combination with the Cofan half mask (reference 11002131). Made with multiple layers of non-woven fabric, they comply with the EN 14387:2004+A1:2008 standard, ensuring European safety standards. The included retaining rings ensure long durability and a perfect fit.

Ensure your protection and that of your team with this replacement set!
