Description

Frame to embed the microwave in a **600 mm wide kitchen module** made of **plastic** and with 3 available finishes: injected in **white**, painted in **metallic gray** or electrolytically coated in **satin nickel** (similar Inox). It has a weakened grille so that it can be cut out and adjusted perfectly to the appliance, thus ensuring that the microwave is completely integrated into the furniture. Easy to install, everything necessary for assembly is included: fixing screws, decorative covers to hide the screws and 4 plugs to position the microwave at the appropriate height.
