### Description

The adhesive label «Attention Angles Morts» is essential for safety in bus transportation. Designed to comply with Decree No. 2020-1396, this signage is ideal for vehicles with a maximum authorized weight of 3.5 tons.

We recommend its use on buses and commercial vehicles to enhance visibility and warn about blind spots. With dimensions of 17x25 cm, it is easy to apply and resistant to various weather conditions.

- Dimensions: 17 cm wide x 25 cm high.
- Compatible with large vehicles.

Improve road safety and prevent accidents. Order yours now!
