Description

The Pack of 25 PN16 polypropylene end caps is the perfect solution for ensuring sealing in water conduction systems. Made from high-quality polypropylene, these caps are ideal for polyethylene (PE) pipes and can withstand a nominal pressure of 16 bars.

Recommended for use in potable water and irrigation installations, the EPDM sealing gasket ensures a strong and durable fit, preventing leaks. Compatible with various pipe sizes, this pack is an economical and efficient option for industry professionals.

Specifications

EAN	8445187360097
Manufacturer	COFAN
Material	Polypropylene
