Pack of 5 PP PN16 Takeoff Collars 32 x 3/4

Brand: COFAN

Reference: COF 65008652

Simple takeoff collar ideal for water conduction systems.

- Made from high-quality polypropylene.
- Supports a nominal pressure of 16 bars.
- Fasteners for a durable fit.
- Available in various sizes.

Description

The simple takeoff collar is an efficient solution for branching off the main line in water conduction systems. Made from high-quality polypropylene, this product ensures durability and resistance, supporting pressures of up to 16 bars.

Recommended for installations in industrial and domestic environments, its design includes fasteners that ensure a strong, leak-free fit. It is compatible with various sizes, making it a versatile option for any project.

Don't compromise on the quality of your installations. Purchase our pack of 5 units and ensure you have the best electrical materials.

Specifications

EAN	8445187361506
Manufacturer	COFAN
Thread	3/4"
