

Product sheet

Pack of 2 PP PN16 90 x 3/4 Takeoff Collars

Brand: COFAN

Reference: COF 65008671

Simple takeoff collar ideal for water conduction systems.

- Made of high-quality polypropylene.
- Nominal pressure of 16 bars.
- Includes fittings for secure adjustment.
- Available in various sizes.

Description

The simple takeoff collar is the perfect solution for branch connections in water conduction systems. Made from high-quality polypropylene, it ensures durability and resistance to pressures of up to 16 bars.

Recommended for use in hydraulic installations, this collar is compatible with various sizes and comes in a convenient pack of 2 units.

With a black finish and included fittings, it guarantees a strong, leak-free fit. Don't miss the chance to enhance your water conduction system with this reliable product.

Specifications

EAN	8445187361780
Manufacturer	COFAN
Thread	3/4"
