

Product sheet

3.0 kW Generator with AVR and Digital Display

Brand: COFAN

Reference: COF 71001022

Efficient and versatile generator for various applications.

- Four-stroke engine for enhanced durability.
- Automatic voltage regulation (AVR).
- Digital display showing key information.
- DC output for battery charging.

Description

The 208 C.C. 3.0 kW Regina Generator is the ideal solution for those seeking a reliable and powerful generator. Its four-stroke engine ensures optimal and durable performance, while the automatic voltage regulation (AVR) adapts to the load demand, providing a constant power supply.

With a digital display that provides information on voltage, frequency, and usage hours, this generator is easy to operate. Additionally, it features two standard CEE 7/4 Schuko AC outlets and a 12V-8A DC output, perfect for charging batteries. Its perimeter steel chassis adds robustness and protection.

Ideal for home, industrial, or construction use, the Regina Generator is the perfect choice to keep your devices running without interruption.

Specifications

EAN	8445187253948
Manufacturer	COFAN
