Description

The certified gray hydro pipe roll Ø20 mm is the perfect solution for water supply and distribution in pools and jacuzzis. Its rigid PVC construction ensures excellent compression resistance, making it ideal for demanding applications.

We recommend its use for repairing PVC-U drainage networks, complying with EN 1329 standards. This product is compatible with various PVC pipe systems, facilitating installation and maintenance.

- Length: 25 meters.
- Diameter: Ø20 mm.
- High-quality plasticized PVC coating.
- Available in different diameter sizes.

Don’t miss the chance to acquire a high-quality product for your projects.
