Description

Discover the pack of 5 pots with legs and drainage filter, perfect for enhancing any space. Made from WPC, a durable material that combines polypropylene and wood chips, these pots are designed to withstand the elements. Their elegant and modern design fits seamlessly into both indoor and outdoor environments, adding a contemporary touch to your home or garden.

With a diameter of 395 mm and a height of 255 mm, these pots are ideal for a variety of decorative plants. Additionally, they feature a drainage hole to ensure the well-being of your plants. Their UV resistance guarantees that their color and shape remain unchanged. Transform your space with style!
