Description

The Pack of 100 Ø16mm tube flow control valves is the perfect solution for regulating irrigation in gardening, agriculture, and industrial spaces. Its robust design ensures a long lifespan, even in harsh weather conditions.

We recommend using it in conventional irrigation systems, where installation is straightforward: simply place it between two ends of the irrigation tube. To adjust the flow, turn the knob to the desired water amount.

- Height: 10 cm
- Width: 21 cm
- Depth: 34.5 cm

Don't miss the opportunity to optimize your irrigation system with this high-quality product.
