Description

The Pack of 50 units rubber o-ring 32x1.5 is the perfect solution for ensuring sealing in automotive, industrial, and agricultural applications. Made from nitrile NBR, these o-rings provide high pressure resistance and are ideal for demanding environments.

We recommend their use in hydraulic systems, hose connections, and applications requiring effective sealing. Their compatibility with various fluids makes them versatile and reliable.

Purchase this pack and ensure quality and durability in your projects. Don't miss out!
