

Product sheet

**Pack of 100 units rubber o-ring
27x3 nitrile NBR**

Brand: COFAN

Reference: COF T27X3

Nitrile NBR sealing o-rings, perfect for various applications.

- High compression resistance.
- Used in automotive and industrial sectors.
- Compatible with multiple fluids.
- Easy installation and maintenance.

[View product online](#)**Description**

The pack of 100 units of 27x3 rubber o-rings in nitrile NBR provides an effective sealing solution for various industrial and automotive applications. These rings are ideal for sealing connections and preventing leaks, ensuring optimal performance.

Recommended for use in automotive, agriculture, and general industry. The 27x3 mm specifications ensure broad compatibility with different components. Additionally, their high compression resistance makes them perfect for demanding environments.

Don't miss the chance to enhance your project efficiency with our quality o-rings. Order now!
