Copper Round Coupling HH 28x15

Brand: SCOA

Reference: SCO 10055

This copper round coupling of 28x15 mm is ideal for connections in hydraulic systems. Its design ensures high resistance and durability, providing optimal performance in various applications.

Description

The copper round coupling HH 28x15 mm is an effective solution for joining pipes in hydraulic installations. Made from high-quality copper, it offers excellent conductivity and corrosion resistance. It is compatible with a wide range of plumbing and heating systems, making it a versatile choice for industry professionals.

- Material: Copper
- Dimensions: 28x15 mm
- Type: Round
- Use: Hydraulic connections
- Corrosion resistance
- High conductivity
- Guaranteed durability
- Compatible with plumbing systems
- Easy installation
- Versatile applications

Specifications

Colour	Cobre
EAN	4011860160151
Manufacturer	SCOA
Material	Copper
