Description

The straight brass connector of 32 mm is an efficient solution for joining polyethylene pipes in various applications. Its brass construction ensures a long lifespan and resistance to corrosion. This connector is compatible with irrigation and plumbing systems, providing a secure and reliable seal.

- Material: Brass
- Diameter: 32 mm
- Use: Polyethylene
- Corrosion resistance
- Easy installation
- Secure connection
- Guaranteed durability
- Compatible with irrigation systems
- Ideal for plumbing
- Straight design

Specifications

Colour	Latón
EAN	8435210760932
Manufacturer	SCOA
Material	Latón
