Description

The brass accessory for external connection is an efficient solution for joining polyethylene pipes. Its robust construction ensures a long lifespan and corrosion resistance. It is compatible with plumbing and irrigation systems, providing a hermetic seal that prevents leaks. This product is perfect for residential and industrial applications.

- Material: Brass
- Type: External connection
- Compatibility: Polyethylene
- Size: Equal to 32
- Use: Plumbing and irrigation systems
- Corrosion resistance
- Easy installation
- Guaranteed durability
- Hermetic seal
- Residential and industrial applications

Specifications

EAN	8435210761205
Manufacturer	SCOA
Material	Latón
