Description

This bulk drip irrigation system inline 16 mm 4 L/H provides an efficient solution for agricultural irrigation. Its design allows for easy installation and precise water distribution, resulting in optimal use of water resources. It is ideal for row crops, ensuring that each plant receives the right amount of water.

- Diameter: 16 mm
- Flow rate: 4 L/H
- Type: inline drip
- Material: durable plastic
- Use: agricultural
- Installation: quick and easy
- Compatibility: standard irrigation systems
- Durability: high UV resistance
- Color: black
- Length: adjustable

Specifications

EAN	8427543811245
