Description

Large head rivets 4.8x12 are designed to provide effective fastening in industrial projects. Their robust construction ensures a durable connection in different materials, making them perfect for applications in construction, automotive, and machinery manufacturing. They are compatible with standard riveting tools, facilitating installation.

- Dimensions: 4.8 mm diameter and 12 mm length
- Material: High-strength steel
- Finish: Galvanized for increased durability
- Use: Ideal for metal connections
- Compatibility: Standard riveting tools

Specifications

EAN	8426241323852
Manufacturer	SCOA
