Hexagonal screw 931/934 zinc 16x130 with nut 8.8

Brand: SCOA

Reference: SCO 61126

This hexagonal screw made of zinc-coated steel is ideal for industrial and construction applications. Its robust design and corrosion resistance ensure optimal performance in various conditions.

Description

The hexagonal screw 931/934, made from zinc-coated steel, offers excellent durability and strength. It is perfect for use in metal structures and assemblies requiring secure fastening. Its compatibility with 8.8 class nuts ensures precise and reliable fitting.

- Material: Zinc-coated steel
- Dimensions: 16x130 mm
- Type: Hexagonal
- Strength class: 8.8
- Recommended use: Construction and industry
- Corrosion resistance
- Compatible with standard nuts
- Easy installation
- High load capacity
- Standard: Complies with quality standards

Specifications

Colour	Zinc
EAN	8431431331579
Manufacturer	SCOA
Material	Zinc-plated steel
